I attended the Regional Assembly held in Show Low on September 26th.

The event was well attended; I counted 15 people from our Phoenix area.

The IDT (idea discussion topics) were Our Freedom, Our Fellowship and Building Communications. I am including the worksheets for inclusion in the minutes. If anyone wants to workshop these please contact the RCMs. The workshops went well and were informative. The main ideas that we kept coming back to were service and the quality of our communications. In the afternoon we had a full blown literature review workshop lead by our own Jim B. RCM 2. We workshopped two sections of the third chapter; risky behavior and sexuality and sexual behavior. There was great participation and our input will be sent to world. We have information and worksheets, see my self or Jim.

All in all, the day in Show Low was a huge success, I am grateful to have been a part of it. The next Regional Assembly will be in January for a CAR workshop. Our input is highly valued. Please attend

FELLOWSHIP DISCUSSIONS

The process of fellowship issue discussions continues to grow and evolve, allowing us to continually strive to work better, both at local levels and as a worldwide organization. Over the previous cycle, we discussed *Building Strong Home Groups*, *Who Is Missing from Our Meetings and Why?*, and *Our Service System*. These discussions have provided us with ideas and input that helped in the creation of tools for the fellowship, including the Building Strong Home Groups worksheet, service pamphlets, and leadership modules. These discussions also had an impact on the projects approved at the 2008 World Service Conference.

The theme for WSC 2008, and for this conference cycle, is “Our Freedom, Our Responsibility.” Many of our biggest challenges seem to involve putting what we believe into action at every level. This includes taking the time to have a thorough, honest look at our home groups to see how we can improve, and being willing to step outside of our comfort zone and work extra hard to carry our message to addicts who may think that they don’t belong here, because we know they do. This also means that we need to exercise the courage to step up and try new ideas in our service system. As our Basic Text states, “We learn that we are growing when we make new mistakes instead of repeating old ones.”

The Issue Discussion Topics for the 2008-2010 cycle are *Building Communication*, *Our Freedom, Our Responsibility*, and *Leadership* (sound familiar? it should!). These topics all carry forward aspects from our discussions during previous conference cycles. Communication has been one of the important elements of our discussions on *Infrastructure* (2004–2006) and *Our Service System* (2006–2008). The topic of responsibility has come up in response to the common refrain we’ve heard in discussions throughout the fellowship for years, that our service efforts in many places are hindered by apathy and a lack of participation. Leadership similarly has been a topic of fellowshipwide discussion for several conference cycles now and continues to be a focus of our efforts throughout the service structure.

We all need to begin to recognize our personal ownership and responsibility for the success of NA in carrying our message and achieving our vision. By improving and diversifying our communications at every level, we can broaden awareness in the fellowship about what is happening in the NA service system. And by encouraging greater personal and collective responsibility for that service system, we can begin to develop an atmosphere of leadership among our trusted servants, as well as an increased desire to support the work done on behalf of NA groups worldwide.

As we have done in the past, we will develop session profiles with step-by-step outlines to help members facilitate workshops on these topics. These profiles, information about the Issue Discussion Topics, and topic-oriented online discussion boards will all be available on our website at <http://www.na.org/IDT/IDT.htm>. As we did in 2006–2008, we will use fellowship input from the first half of the conference cycle to refocus these discussions mid-way through this conference cycle, so be sure to check back often and watch *The NA Way Magazine* for updates.

The purpose of our services is to help our fellowship fulfill its primary purpose: to carry the message to the addict who still suffers. Honest, open, straightforward communication is essential to both the integrity and the effectiveness of the NA service structure.

*Third Concept for
NA Service
Eighth Concept*

BUILDING COMMUNICATION

A chain is only as strong as its weakest link. When it comes to NA service, the links in our chain are often weakened by poor communication. Reliable, consistent communication is a challenge in Narcotics Anonymous. In order to have effective services that help us better carry our message of recovery, we need to strengthen our communication at all levels of the service structure.

The unity we foster through effective communication helps keep our fellowship alive and growing. Most members embrace the importance of unity and the desire for every addict to experience freedom from active addiction. In our efforts worldwide, we are consistently motivated by the vision that one day, every addict in the world should have the chance to experience our message in his or her own language and culture and find the opportunity for a new way of life.

When our communication is impaired, our ability to carry the message is compromised. On a fundamental level, getting the still-suffering addict to a Narcotics Anonymous meeting depends on reliable and timely communication. We need accurate meeting directories, a working phoneline, and good relations with professionals who come into contact with addicts.

Areas, subcommittees, regions, zones, and world services all perform services on behalf of our groups so that those groups may better focus on our primary purpose. Clear, consistent communication is crucial to build the trust necessary to delegate the authority to carry out these tasks. Yet, at every level of service, we seem to struggle with deciding what needs to be communicated, who needs to receive that information, and how to best to deliver that communication.

Our Eighth Concept reminds us "Our service structure depends on the integrity and effectiveness of our communications." We rely on the integrity of our communication to maintain our services. We have an interdependent chain to share information and experience: member ↔ group ↔ area ↔ committee ↔ region ↔ zone ↔ world services. On every level of service, it is our responsibility to make information available. Integrity in this case means doing our best to keep everyone informed. Only through careful guidance and reporting can we ensure that we are delegating—not abdicating—our responsibilities.

We believe that we have both the desire and the experience in NA to come up with more effective communication tools and practices. We have heard from some areas and regions that they strengthened communication by providing a summary of decisions and discussions that members could readily understand. Others report that trusted servants connect with members just by making their reports interesting and giving presentations of the material.

OUR FREEDOM, OUR RESPONSIBILITY

Most of us came into Narcotics Anonymous with no clear sense at all of what “freedom” meant. The only freedom we really understood or wanted was the freedom to be left alone to pursue our self destruction without interference. Of course, NA changed all of that. Staying clean, working steps, getting involved, and building relationships with others and a Higher Power all have had a part in changing how we see freedom today.

Recovery starts with the freedom not to use, and the freedom to change progresses to the freedom to live our dreams. As the Ninth Step essay in our Basic Text tells us, “In time many miracles will occur.” Indeed, each of us who has been clean for any appreciable period of time, has seen those miracles unfold in his or her life. Where once we were afraid to leave our house or our neighborhood, now we travel and cross borders without fear. We have the freedom to build healthy relationships, to make choices, and to live comfortably.

Through NA we are given the ability to create lives of meaning. We are the makers of our lives, not just the “takers” of what is given to us. Freedom is a gift that we cherish. We show that we cherish that gift by being of service. Just as the “miracles” about which the Ninth Step essay speaks are the result of the work we’ve done in the eight steps before it, most of us come to understand that the price of freedom is responsibility. Many of us were “drafted” into NA service when we were relatively new in the program because someone, often our sponsor, told us it is what we “have” to do. We let ourselves be dragged to group business meetings and service committees. When we participated we were taken out of isolation and we learned to care. We may have even taken a position and served to the best of our ability because we felt we owed that much to NA. Over time, we come to see that we owe it to ourselves as well. Being of service to others is a part of our Twelfth Step work, and the spirit of service comes to infuse all areas of our lives. We know we have to give it away to keep it.

What’s more, we *want* to serve. This is our fellowship and it feels good to take responsibility for its well-being. We have been given a precious gift and we must look after it. Though many of us got clean in places where there were plenty of NA meetings and literature, the health of NA rests with us, now and in the future. We have had an evolution; initially, we may have just done what we were told to do—willing, if inexperienced, worker bees—but we become self-motivated trusted servants. We have developed a sense of self-worth through being productive, giving members of the NA community in which we live, work, play, and recover. We come to understand that responsibility is not a burden; it’s just as much of a gift as freedom. We are citizens of a worldwide NA community and it’s a privilege to contribute however we can.

The questions that follow invite us to talk about that understanding—how we put it into practice and how we can help others reach it. We have a responsibility to protect our freedoms. Those of us who are active participants have made a transition from seeing responsibility as something we have to do to something we want to do.

DISCUSSION QUESTIONS

1. How do I exercise my sense of responsibility in NA?
2. How can we help inspire others to become willing to share that responsibility?

It’s worth taking some time to reflect together or individually on our collective future: What would the fellowship look like if we all reached this point and took responsibility to make sure that others have an opportunity to experience our way of life—that no addict need die without having heard the message of NA?

We attend meetings and make ourselves visible and available to serve the Fellowship. We give freely and gratefully of our time, service, and what we have found here. The service we speak of in Narcotics Anonymous is the primary purpose of our groups. Service work is carrying the message to the addict who still suffers. The more eagerly we wade in and work, the richer our spiritual awakening will be.

Basic Text,
Step Twelve

We hope that discussing these questions over the course of the upcoming cycle will help us share our best practices and build upon our successes. Please feel free to choose one or two to discuss. You can have ongoing discussions over the course of several months, returning to select another question if you wish. Whatever approach you take to the discussion questions, we just want you to communicate the results to us so that we can share your input with the rest of the fellowship.

These questions focus on the chain of communication in NA. Your answers will depend on your experience in NA service and your familiarity with the different "links" in that chain. In other words, if you hold a workshop on these questions at an ASC, members might focus most closely on communication to and from subcommittees or groups and the ASC, or perhaps to and from the ASC and the region. On the other hand, discussing these questions at a regional level might prompt members to focus more closely on communication between world services and the RSC or on how information gets passed from the RSC to the ASC and back.

DISCUSSION QUESTIONS

1. What is working well in our communication across the different levels of NA service?
2. What are the communication links that need improving?
3. In what ways can I contribute to improving these communication links in NA?
4. What actions would help us build an effective chain of communication throughout our service structure?

Session outlines and handouts for the IDTs, including *Leadership*, will be posted at www.na.org/IDT/IDT.htm, where you can also access the IDT discussion boards.

October 5, 2009
PHOENIX AREA SERVICE COMMITTEE
P.O. BOX 34123
PHOENIX, ARIZONA 85067

Dear Fellow Members,

The Regional Service Committee Meeting went very well this time. We started with the RCM Forum (Regional Committee Member). In the forum we discussed several items of business we knew would be coming up during the main meeting. There were several Ideas discussed and composed. I believe it is important to note here that every Idea that we pre-discussed in the RCM Forum passed in consensus in the main meeting. In fact the one Idea that did not pass, was not brought up in Forum and was actually tabled so that we could discuss it in our next forum. The Idea was for the Region to translate one particular Areas minutes into Spanish. To meet the needs of that Areas hispanic Members.

One of the great things that happens in these Forums is that the Ideas (motions) that come out of them is really just the tip of the iceberg. We've been discussing the direction the services we provide should go. We discuss priorities, what is working for us, and not working for us with our Guidelines and our budgeting process etc. But one of the things that is very important about the Forum is its non threatening atmosphere. We are able to discuss things without having to have a final resolution in mind until ALL RCMs are comfortable with the resolution.

One of the items we discussed was the Regional Budget, It came up because some RCMs are uncomfortable with hanging on to the funds from the last convention for so long. What we did was ask the Regional Treasurer to come in to the forum so we could make informed decisions. I spoke of Phoenix' budget and he recognized it as an accrual budget. We asked him to come back to us with some recommendations as to whether this form of budget would meet the needs of our Region better during this economic downturn, he said he would be happy to. In the mean time because several RCMs felt uncomfortable about not passing on the proceeds to World Services yet, we decided to make a contribution of one third of the proceeds from the Convention to World Services and we will make an informed decision on the rest after the Regional Treasurer reports back to us in the next Forum.

Another topic discussed in Forum is in its very early stages, how are we handling literature usage, disbursement, and cost, with our Regional Committees. This lead into a discussion on how we as areas handle our literature purchases and usage. We asked our Regional Delegate Alternate (RDA) to look further into what is available to us as a Region in pricing and services through The World Service Office. This will most likely be a long discussion held over many Forums. Because this directly impacts the Addict at the Group level.

The Regional GSR Assembly happened last weekend in Show Low. We had a turnout of 40 people, 14 of them were from Phoenix Area. At my best count 9 were representing Groups, the rest were there to participate in workshops.

We had workshops on Building better communication, Our freedom our responsibility and on the Literature project, Living Clean: The Journey Continues. The Regional Delegate changed the structure of the workshops by appointing the RCMs as table leaders instead of asking for leaders (RCMs as leaders is actually called for in the Guide to local Service). This change actually gave us much more time to work on the material. We talked about better ways of involving more addicts in our Group Services, how to encourage involvement at all levels of NA service. The things we do that negatively impact being a part of. We discussed how information is communicated through our service structure.

We also had a workshop on Chapter 3 of Living Clean: The Journey Continues. Chapter 3s focus is on the

physical parts of recovery. The GSRs were given the opportunity to participate directly with writing on this book. Our topics were Risky Behavior (in recovery) also Sex and Sexuality. These topics were approached with a lot of maturity by everyone. The input was excellent and everyone seemed to have a great time. Also since there isn't already a lot of material on this chapter, our input will most likely be used as the framework for further input. Our RDA was saying that our workshop is the largest held so far by a single Region on this project. Way to go team!

In Loving Service,

Outreach Chair Report

Oct, 3 2009

Hello fellow NA Members,

It is my pleasure to inform you Outreach is doing very well. Again special thanks to all my Committee members for their support and commitment they provide. Those who are in service on Committee's know and understand how much work is involved to have a successful Committee. Therefore my respect to the members of NA in service has grown to a new level. So we've been having a lot of fun and also enjoying being of service to the Phoenix Area. It's been the Committee's idea to make service fun and attractive for members of NA new and old.

For the month of September we were very busy. We held our monthly meeting on the 2nd floor of the month. We visit a few halfway houses with NA meetings. It's places like these that seem to lack not only support of NA members, but also the knowledge of what an NA meeting is. We've done what we can and let them know that we are here. And if they want and need more support that we are available. You may or may not know that these meetings are in our meeting lists. So it's been the Committee intent to help show them how to have an NA meeting. I hope that the message of Narcotics Anonymous is carried.

As you all may know Outreach is been putting together "a Dinner and Meeting" outing. I personally thought the first one was successful. I truly didn't know what to expect. But as my sponsor said

to me. Your Best Experience in Service will be. Is
Without having any Expectations. There seems to be quite
a few people who like and support Outreach's idea. So
for the first outing we visited "Together We Can." Which
was greatful to have Outreach's support. They can use
the continued support of NA members. They meet Tues.
Night 8pm at 19th Avenue at 1st United Methodist Church
So this will be a continued idea of Outreach once a
month. Our future planned outing next "Dinner and Meeting
at CoCo's 6:00pm and we will visit "Road to Success" Freedom
Hall 12th St. Again all are invited and encouraged to come
Join us for food, fun, fellowship and a meeting. But we
also understand you may not be able to join us for
every scheduled outing. But if you can come join us for
one. We greatly appreciate you coming out to have fun
with us. Also we decided to invite a ^{different} Home Group to come
once a month to join us. So this month I invited my
former Home Group "New Freedom NA" to come join the
fun.

Helpline Report 20091002

We had 722 calls and 42 voice-mail messages in the month of September. All shifts are currently filled. The Qwest Bill posted September 4th was \$58.46 and the Accessline bill posted September 8th was \$90.97 for a total operating expense of \$149.45, This comes to \$49.82 per area. I have a check from the West Valley Area for \$99 for the past two months expenses, and we hope to have a liaison from that area when Julie, the addict that submitted a statement of willingness for the position, returns to town. We also have a volunteer for liaison from the East Valley, Jim, and we'll be meeting in their area for the next few months. The next meeting is scheduled for 7PM on Tuesday 10/13 at Coffee Rush, 1555 N Gilbert Road in Gilbert. That's the SE corner of Gilbert and Baseline. The Helpline has been meeting in central Phoenix for well over a decade, so we've decided to switch things up and rotate it between the three areas in the hope we can get some more participation. This month we need to address the message played to callers that leave a voice-message and we need to finalize and redistribute training pamphlets. Although we ask six months of clean-time to take a shift, there's no clean-time requirement to participate on the committee, so feel free to come on down and join us even if you're new.

Thanks for letting me be of service,

Robin
